

Schedule of working out of missed classes for a disrespectful reason at the Department of Bioorganic Chemistry for the fall semester of 2023-2024 academic year.

Pre-registration for working out is mandatory!

To record, you need to pass:

<http://etest.bsmu.by/> → Students and cadets → Choose their specialty (for example, "Dentistry") → Bioorganic chemistry → Section "Practicing classes" → Recording for practicing a missed lesson or using a QR code

A student is allowed to work out only if there is a referral to work out a completed lesson and a completed workshop on this topic.
