

Criteria for assessing the results of educational activities of students in the academic discipline "Otorhinolaryngology and Dentistry" on a ten-point scale at the Department of Maxillofacial Surgery and Facial Plastic Surgery with a course of advanced training and retraining

**10 (ten) points, passed:**

systematized, deep and complete knowledge of all sections of the curriculum for the academic discipline "Otorhinolaryngology and Dentistry", as well as on key issues that go beyond it;

accurate use of scientific terminology (including in a foreign language), competent, logically correct presentation of answers to questions, the ability to make well-founded conclusions and generalizations;

impeccable mastery of the tools of the academic discipline "Otorhinolaryngology and Dentistry", the ability to effectively use them in setting and solving scientific and professional problems:

pronounced ability to independently and creatively solve complex problems in non-standard situations;

complete and deep assimilation of the basic and additional literature on the studied academic discipline "Otorhinolaryngology and Dentistry";

the ability to freely navigate the theories, concepts and directions of the academic discipline "Otorhinolaryngology and Dentistry" and give them an analytical assessment, use the scientific achievements of other disciplines;

creative independent work in practical and laboratory classes, active creative participation in group discussions, a high level of culture in completing assignments.

**9 (nine) points, passed:**

systematized, deep and complete knowledge of all sections of the curriculum for the academic discipline "Otorhinolaryngology and Dentistry";

accurate use of scientific terminology (including in a foreign language), competent, logically correct presentation of answers to questions;

mastery of the tools of the academic discipline "Otorhinolaryngology and Dentistry", the ability to effectively use them in setting and solving scientific and professional problems;

the ability to independently and creatively solve complex problems in a non-standard situation within the framework of the curriculum for the academic discipline;

complete assimilation of the basic and additional literature recommended by the curriculum for the academic discipline "Otorhinolaryngology and Dentistry" ;

the ability to navigate the theories, concepts and directions in the academic discipline "Otorhinolaryngology and Dentistry" and give them an analytical assessment;

Systematic, active independent work in practical and laboratory classes, creative participation in group discussions, a high level of culture in completing assignments.

**8 (eight) points, passed:**

systematized, deep and complete knowledge of all sections of the curriculum for the academic discipline "Otorhinolaryngology and Dentistry" within the scope of the curriculum for the academic discipline "Otorhinolaryngology and Dentistry";

use of scientific terminology (including in a foreign language), competent, logically correct presentation of answers to questions, the ability to make well-founded conclusions and generalizations;

proficiency in the tools of the academic discipline "Otorhinolaryngology and Dentistry" (methods of complex analysis, information technology techniques), the ability to use them in setting and solving scientific and professional problems; the ability to independently solve complex problems within the framework of the curriculum for the academic discipline "Otorhinolaryngology and Dentistry";

acquisition of the basic and additional literature recommended by the curriculum for the academic discipline "Otorhinolaryngology and Dentistry";

the ability to navigate the theories, concepts and directions in the academic discipline "Otorhinolaryngology and Dentistry" and give them an analytical assessment;

active independent work in practical and laboratory classes, systematic participation in group discussions, high level of culture in completing assignments.

**7 (seven) points, passed:**

systematized, deep and complete knowledge of all sections of the curriculum for the academic discipline "Otorhinolaryngology and Dentistry";

use of scientific terminology (including in a foreign language), competent, logically correct presentation of answers to questions, the ability to make well-founded conclusions and generalizations;

mastery of the tools of the academic discipline "Otorhinolaryngology and Dentistry", the ability to use them in setting and solving scientific professional problems;

fluency in standard solutions within the framework of the curriculum for the academic discipline "Otorhinolaryngology and Dentistry";

acquisition of basic and additional literature recommended by the curriculum for the academic discipline "Otorhinolaryngology and Dentistry";

the ability to navigate the main theories, concepts, and directions in the academic discipline "Otorhinolaryngology and Dentistry", and to give their analytical assessment;

independent work in practical and laboratory classes, participation in group discussions, high level of culture in completing assignments.

**6 (six) points, passed:**

sufficiently complete and systematized knowledge within the scope of the curriculum for the academic discipline "Otorhinolaryngology and Dentistry";

use of necessary scientific terminology; competent, logically correct presentation of answers to questions;

the ability to make generalizations and well-founded conclusions;

mastery of the tools of the academic discipline "Otorhinolaryngology and Dentistry" , the ability to use them in solving educational professional problems;  
the ability to independently apply standard solutions within the framework of the curriculum for the academic discipline "Otorhinolaryngology and Dentistry";  
mastering the basic literature recommended by the curriculum for the academic discipline "Otorhinolaryngology and Dentistry";  
the ability to navigate the basic theories, concepts and directions in the discipline of "Otorhinolaryngology and Dentistry" and give them a comparative assessment;  
active independent work in practical and laboratory classes, periodic participation in group discussions, high level of culture in completing assignments.

**5 (five) points, passed:**

sufficient knowledge in the scope of the curriculum of the academic discipline "Otorhinolaryngology and Dentistry";  
use of scientific terminology, competent, logically correct presentation of answers to questions, ability to draw conclusions;  
proficiency in the tools of the academic discipline "Otorhinolaryngology and Dentistry", the ability to use them in solving educational and professional problems;  
the ability to independently apply standard solutions within the framework of the curriculum for the academic discipline "Otorhinolaryngology and Dentistry";  
mastering the basic literature recommended by the curriculum for the academic discipline "Otorhinolaryngology and Dentistry";  
the ability to navigate the basic theories, concepts and directions of the academic discipline "Otorhinolaryngology and Dentistry", and give them a comparative assessment;  
independent work in practical and laboratory classes, fragmented participation in group discussions, a sufficient level of culture in completing assignments.

**4 (four) points, passed:**

sufficient amount of knowledge within the scope of the curriculum for the academic discipline "Otorhinolaryngology and Dentistry";  
mastering the basic literature recommended by the curriculum for the academic discipline "Otorhinolaryngology and Dentistry";  
use of scientific terminology, logical presentation of answers to questions, ability to draw conclusions without significant mistakes;  
proficiency in the tools of the academic discipline "Otorhinolaryngology and Dentistry" , the ability to use them in solving standard (typical) problems ;  
ability to solve standard (typical) problems under the guidance of a teacher;  
the ability to navigate the main theories, concepts and directions in the academic discipline "Otorhinolaryngology and Dentistry" and evaluate them;  
work under the guidance of a teacher in practical laboratory classes, an acceptable level of culture in completing assignments.

**3 (three) points, not passed:**

insufficiently complete scope of knowledge in the curriculum for the academic discipline “Otorhinolaryngology and Dentistry”;

knowledge of some of the basic literature recommended by the curriculum for the academic discipline "Otorhinolaryngology and Dentistry”;

use of scientific terminology, presentation of answers to questions with significant, logical mistakes;

poor command of the tools of the academic discipline "Otorhinolaryngology and Dentistry”, incompetence in solving standard (typical) problems;

inability to navigate the basic theories, concepts, and areas of the academic discipline "Otorhinolaryngology and Dentistry”; passivity in practical and laboratory classes, low level of culture in completing assignments.

**2 (two) points, not passed:**

fragmentary knowledge within the scope of the curriculum for the academic discipline “Otorhinolaryngology and Dentistry”;

knowledge of individual literary sources recommended by the curriculum for the academic discipline "Otorhinolaryngology and Dentistry”;

inability to use scientific terminology of the academic discipline "Otorhinolaryngology and Dentistry”, the presence of gross logical mistakes in the answer;

passivity in practical and laboratory classes, low level of culture in completing assignments.

**1 (one) point, not passed:**

lack of knowledge and competencies within the scope of the curriculum for the academic discipline "Otorhinolaryngology and Dentistry”, refusal to answer, failure to appear for certification without a valid reason.

Head of the Department

D.A. Hrychaniuk

Approved at a meeting of the Department of Maxillofacial Surgery and Facial Plastic Surgery with a course of advanced training and retraining, protocol No. 1 dated 28.09.2025.
