

CALENDAR PLAN OF
Practical Classes and Lectures for Students getting education in specialty "General Medicine"
in Semester VI, 2026.

Date	Topic of the Lecture	Practical Classes
09.02-15.02.2026	Antidepressants. Normothymic drugs. Psychostimulants	General anesthetics. Ethyl alcohol. Anticonvulsants.
16.02-22.02.2026	<i>Drugs for the treatment of neurodegenerative diseases. Drugs that regulate cerebral blood flow (SSIW)</i>	Anxiolytic and sedative-hypnotic drugs. Antipsychotics
23.02-01.03.2026	Hypothalamic and pituitary hormones. Thyroid and antithyroid hormone drugs	Antidepressants. Normothymic drugs. Psychostimulants
02.03-08.03.2026	Adrenocortical hormone drugs. Female sex hormone preparations. Male sex hormone preparations, anabolic steroids. Hormonal regulators of mineral homeostasis and other agents affecting bone metabolism.	Drugs for the treatment of neurodegenerative diseases. Drugs that regulate cerebral blood flow. Tonics and adaptogens. Analgesic drugs
09.03-15.03.2026	Anti-inflammatory drugs. Anti-gout drugs	Hormonal and antihormonal drugs (Part 1)
16.03-22.03.2026	<i>Analgesic drugs (SSIW)</i>	Hormonal and antihormonal drugs (Part 2)
23.03-29.03.2026	Anti-allergic drugs. Anti-rheumatic drugs. Immunomodulating drugs	Anti-inflammatory drugs. Anti-gout drugs. Anti-rheumatic drugs. Analgesic drugs
30.03-05.04.2026	Antibiotics. Part 1 <i>Antimycobacterial drugs. Antifungal drugs (SSIW)</i>	Anti-allergic drugs. Immunomodulating drugs
06.04-12.04.2026	Antibiotics. Part 2	Final lesson on: "Drugs affecting metabolic process, inflammation and immune response" "Drugs affecting central nervous system"
13.04-19.04.2026		Antibiotics (Part 1)
20.04-26.04.2026	<i>Synthetic antimicrobial drugs (SSIW);</i> Antiviral drugs	Antibiotics (Part 2)
27.04-03.05.2026	<i>Antiprotozoal drugs. Antiparasitic drugs (SSIW);</i> Anticancer drugs	Synthetic antimicrobial drugs. Antimycobacterial drugs. Antifungal drugs
04.05-10.05.2026	Drugs affecting the gastrointestinal tract	Antiprotozoal drugs. Antiviral drugs
11.05-17.05.2026		Final lesson on "Chemotherapeutic drugs"
18.05-24.05.2026	<i>Drugs affecting the respiratory system (SSIW)</i>	Drugs affecting the gastrointestinal tract (Part 1)
25.05-31.05.2026		Drugs affecting the gastrointestinal tract (Part 2)

Topics for individual study: "Drugs affecting the respiratory system" "Principles of treatment of acute drug poisoning" and "Drug-to-drug interactions".

Head of the Department of Pharmacology,
Professor

N.A. Bizunok
