

## First term

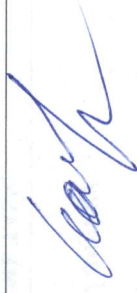

| №   | Date        | TOPIC                                                                                                                     | HOME TASK                                                                                                                                                           | ECPT                 |
|-----|-------------|---------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| 1.  | 01.09-04.09 | Phonetic rules of pronunciation. Accent rules.                                                                            | Lesson 1 – §§1-6; §8 – ex. 1-8 (orally). Lesson 2 – §§9-16; §17 ex. 1, 2 (orally), 3 (in writing).                                                                  | Lesson 1<br>Lesson 2 |
| 2.  | 07.09-11.09 | The structure of Latin anatomical terms. Noun and its grammar categories.                                                 | Lesson 3 – §§18-22; §23 ex. 3, 4 (in writing) learn all the words from the exercises by heart.                                                                      | Lesson 3             |
| 3.  | 14.09-18.09 | Adjectives and their dictionary form. Adjective and noun agreement.                                                       | Lesson 4 – §§25-28. §29 ex. 4, 5 (in writing) learn all the words from the exercises by heart.                                                                      | Lesson 4             |
| 4.  | 21.09-25.09 | Degrees of comparison of adjectives. Peculiarities of the use of comparative and superlative degrees in anatomical terms. | Lesson 5 – §§31-35. §36 ex. 1, 3 (in writing) learn all the words from the exercises by heart.                                                                      | Lesson 5             |
| 5.  | 28.09-02.10 | The verb and the use of its forms in medical terminology. Present and past participles                                    | MOODLe system "General medicine" <b>Lesson 6. Practical section</b> – ex. 2, 3. Learn all the words from the exercises by heart.                                    | Lesson 6             |
| 6.  | 05.10-09.10 | The masculine gender in the third declension of nouns. Names of muscles performing different functions.                   | Lesson 6 – §§38-39. §41 – exercises № 1, 2 (in writing) learn all the words from the exercises by heart.                                                            | Lesson 7             |
| 7.  | 12.10-16.10 | Latin names of muscles by their functions                                                                                 | MOODLe system "General medicine" <b>Lesson 8. Practical section</b> – ex. 1, 2. Learn all the words from the exercises by heart.                                    | Lesson 8             |
| 8.  | 19.10-23.10 | Feminine gender in the third declension of nouns.                                                                         | Lesson 7 – §43, §44 ex. 1, 2 (in writing) learn all the words from the exercises by heart.                                                                          | Lesson 9             |
| 9.  | 26.10-30.10 | Neutral gender in the third declension. Repetition of the learned matter to the test 1.                                   | Lesson 8 – §§46-47, §48 ex. 2, 3 (in writing) learn all the words from the exercises by heart. Repeat §§18-49, less. 6, 8 from MOODLe in order to manage the test 1 | Lesson 10            |
| 10. | 02.11-06.11 | <b>TEST 1</b> on anatomical terminology.                                                                                  |                                                                                                                                                                     |                      |
| 11. | 09.11-13.11 | Nominative plural of nouns and adjectives.                                                                                | Lesson 9 – §§50-51, §52 ex. 2, 3 (in writing) learn all the words from the exercises by heart.                                                                      | Lesson 11            |
| 12. | 16.11-20.11 | Genitive plural of nouns and adjectives.                                                                                  | Lesson 10 – §54, §55 ex. 2, 3 (in writing) learn all the words from the exercises by heart.                                                                         | Lesson 12            |
| 13. | 23.11-27.11 | Accusative singular and plural of nouns and adjectives. Prepositions used with the Accusative.                            | Lesson 11 – §§57-58, §59 ex. 2, 3 (in writing) learn all the words from the exercises by heart.                                                                     | Lesson 13            |
| 14. | 30.11-04.12 | Ablative singular et plural of nouns and adjectives. Prepositions used with the Ablative.                                 | Lesson 12 – §§61-62, §63 ex.2, 3 (in writing) learn all the words from the exercises by heart.                                                                      | Lesson 14            |
| 15. | 07.12-11.12 | Prefixes in anatomical terminology.                                                                                       | Lesson 13 – §§65-67, §68 ex. 1, 4 (in writing) learn all the words from the exercises by heart. Repeat §§50-69 in order to manage the test 2.                       | Lesson 15            |
| 16. | 14.12-18.12 | <b>TEST 2</b> on anatomical terminology.                                                                                  |                                                                                                                                                                     |                      |
| 17. | 21.12-25.12 | Introduction to Latin pharmaceutical terminology                                                                          | Lesson 14 – §§71-76, §77 ex. 1, 2 (in writing) learn all the words from the exercises by heart.                                                                     | Lesson 17            |
| 18. | 28.12-01.01 | The verb in the pharmaceutical section of medical terminology (in prescription)                                           | MOODLe system "General medicine" <b>Lesson 18. Practical section</b> - ex. 1, 2, 3. Learn all the words from the exercises by heart.                                | Lesson 18            |
| 19. | 04.01-08.01 | Credit class                                                                                                              |                                                                                                                                                                     |                      |

| №  | Date        | TOPIC                                                                                                                                                                                                                                                  | HOME TASK                                                                                                                               |           |
|----|-------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|-----------|
| 20 | 08.02-12.02 | Doctor's prescription and rules of making up the Latin part of the doctor's prescription                                                                                                                                                               | Lesson 15 – §§79-85, §86 ex. 1, 2, 3 (prescr. 1-4, 7, 8) (in writing) learn all the words from the exercises by heart.                  | Lesson 19 |
