

Course Listing for Laboratory Classes on Bioorganic Chemistry

Fall 2025 (all 01/09/2025 -02/01/2025)

Medical Faculty for International Students, 1st course, 2nd batch (specialty 7-07-0911- 01
"General Medicine")

№ n/n	Date	Theme
1.	06.09	Spatial structure of organic molecules
2.	20.09	Reactivity of hydrocarbons and their derivatives. Acid-base properties of organic compounds
3.	18.10	Poly- and heterofunctional compounds involved in vital processes
4.*		Biologically active heterocyclic compounds. Alkaloids
5.	01.11	Carbohydrates
6	29.11	Amino acids. Peptides and proteins
7.*		Nucleic acid
8	13.12	Lipids

The course schedule was approved at a department meeting № 1, 29.08.2025

Head of the Department of General Chemistry

M.M.Kauhanka
