

CONDITIONS OF ADMISSION AND RECEIVING CREDIT (1st SEMESTER) IN PATHOLOGICAL ANATOMY

1. Attendance at all practical classes and lectures, making up for all missed practical classes (with or without a valid reason) and lectures (without a valid reason) in the academic discipline.
2. Having a positive mark (4 or higher) in the colloquiums:
 - "Solving clinical and anatomical cases on the topic "Inflammation. Immunopathology"
 - "Tumors and blood diseases"
3. Accomplishment of practical skills in classes with the design of an album of drawings of microslides on all topics of practical classes with a final mark for maintaining the album for the semester.

Considered at the department meeting (protocol No. 1 of August 31, 2026)

CONDITIONS FOR ADMISSION TO THE EXAM (2nd SEMESTER) IN PATHOLOGICAL ANATOMY

1. Passing a credit in the academic discipline for the first half of the year.
2. Attendance at all practical classes and lectures, making up for all missed practical classes (with or without a valid reason) and lectures (without a valid reason) on the academic subject.
3. Accomplishing practical skills in classes by creating an album of drawings of micro-preparations on all topics of practical classes with a final grade for maintaining the album for each semester.
4. Certification for positive marks (4 and above) in practical skills in diagnosing macro- and micropreparations.
 - 4.1 The diagnostics of macro- and micropreparations are assessed separately.
 - 4.2 In case of recertification of practical skills, students answer only macro- and/or micropreparations that were passed with negative marks.

Considered at the department meeting (protocol No. 1 of August 31, 2026)
