

APPROVED

Head of the Department

Of Periodontology

Prof. L.N.Dedova

28.08.2024, Protocol №1

Criteria for assessing student knowledge on a 10-point scale

1(one) point – not accepted

- ✓ lack of knowledge and competencies in the scope of the educational program of the higher education institution in the module “Periodontology”, refusal to answer, failure to appear for certification without a valid reason.

2(two) points – not accepted

- ✓ fragmentary knowledge within the scope of the educational program of the higher education institution in the module “Periodontology”;
- ✓ knowledge of individual literary sources recommended by the educational program of the higher education institution in the module “Periodontology”;
- ✓ inability to use the scientific terminology of the module “Periodontology”, module, the presence of gross, logical errors in the answer;
- ✓ passivity in practical and laboratory classes, low level of culture in completing tasks.

3(three) points – not accepted

- ✓ insufficiently complete amount of knowledge within the scope of the educational program of the higher education institution in the module “Periodontology”;
- ✓ knowledge of some of the basic literature recommended by the educational program of the higher education institution in the module “Periodontology”;
- ✓ use of scientific terminology, presentation of answers to questions with significant, logical errors;
- ✓ poor knowledge of the tools of the module “Periodontology”, incompetence in solving standard (typical) problems;
- ✓ inability to navigate the basic theories, concepts and directions of the studied module “Periodontology”;
- ✓ passivity in practical and laboratory classes, low level of culture in completing tasks.

4(four) points – passed

- ✓ a sufficient amount of knowledge within the scope of the educational program of the higher education institution in the module “Periodontology”;
- ✓ mastering the basic literature recommended by the educational program of the higher education institution in the module “Periodontology”;
- ✓ use of scientific terminology, logical presentation of answers to questions, ability

- to draw conclusions without significant errors;
- ✓ possession of the tools of the module “Periodontology”, the ability to use them in solving standard (typical) problems;
 - ✓ ability to solve standard (typical) problems under the guidance of a teacher;
 - ✓ the ability to navigate the main theories, concepts and trends in the academic discipline, module being studied and evaluate them;
 - ✓ work under the guidance of a teacher in practical and laboratory classes, acceptable level of culture in performing tasks.

5(five) points – passed

- ✓ sufficient knowledge within the scope of the educational program of the higher education institution in the module “Periodontology”;
- ✓ use of scientific terminology, competent, logically correct presentation of answers to questions, ability to draw conclusions;
- ✓ possession of the tools of the educational discipline “Therapeutic Dentistry”, the ability to use them in solving educational and professional problems;
- ✓ ability to independently apply standard solutions within the framework of the educational program of the higher education institution in the module “Periodontology”;
- ✓ mastering the basic literature recommended by the educational program of the higher education institution in the module “Periodontology”;
- ✓ ability to navigate basic theories, concepts and trends in the studied module “Periodontology” and give them a comparative assessment;
- ✓ independent work in practical and laboratory classes, fragmented participation in group discussions, a sufficient level of culture in completing tasks.

6(six) points – passed

- ✓ sufficiently complete and systematized knowledge within the scope of the educational program of the higher education institution in the module “Periodontology”;
- ✓ use of the necessary scientific terminology, competent, logically correct presentation of answers to questions, the ability to make generalizations and reasonable conclusions;
- ✓ possession of the tools of the module “Periodontology”, the ability to use them in solving educational and professional problems;
- ✓ ability to independently apply standard solutions within the framework of the educational program of the higher education institution in the module “Periodontology”;
- ✓ mastering the basic literature recommended by the educational program of the higher education institution in the module “Periodontology”;
- ✓ ability to navigate basic theories, concepts and trends in the module “Periodontology” and give them a comparative assessment;
- ✓ active independent work in practical and laboratory classes, periodic participation in group discussions, high level of culture in completing tasks.

7(seven) points – passed

- ✓ systematized, deep and complete knowledge of all sections of the educational program of the higher education institution in the module “Periodontology”;
- ✓ use of scientific terminology (including in a foreign language), competent, logically correct presentation of answers to questions, the ability to make reasonable conclusions and generalizations;
- ✓ mastery of the tools of the module “Periodontology”, the ability to use them in setting and solving scientific and professional problems;
- ✓ fluency in standard solutions within the framework of the educational program of the higher education institution in the module “Periodontology”;
- ✓ mastering basic and additional literature recommended by the educational program of the higher education institution in the module “Periodontology”;
- ✓ ability to navigate the basic theories, concepts, trends in the studied module “Periodontology” and give their analytical assessment;
- ✓ independent work in practical and laboratory classes, participation in group discussions, high level of culture in completing tasks.

8(eight) points – passed

- ✓ systematized, deep and complete knowledge of all sections of the educational program of the higher educational institution in the module “Periodontology” within the scope of the educational program of the higher education institution in the module “Periodontology”, module;
- ✓ use of scientific terminology (including in a foreign language), competent, logically correct presentation of answers to questions, the ability to make reasonable conclusions and generalizations;
- ✓ mastery of the tools of the module “Periodontology” (methods of complex analysis, information technology techniques), the ability to use them in setting and solving scientific and professional problems;
- ✓ ability to independently solve complex problems within the framework of the educational program of the higher education institution in the module “Periodontology”;
- ✓ mastering basic and additional literature recommended by the educational program of the higher education institution in the module “Periodontology”;
- ✓ ability to navigate theories, concepts and trends in the studied module “Periodontology” and give them an analytical assessment;
- ✓ active independent work in practical and laboratory classes, systematic participation in group discussions, high level of culture in completing tasks.

9(nine) points – passed

- ✓ systematized, deep and complete knowledge of all sections of the educational program of the higher education institution in the module “Periodontology”;
- ✓ accurate use of scientific terminology (including in a foreign language),

- competent, logically correct presentation of answers to questions;
- ✓ mastery of the tools of the module “Periodontology”, the ability to use them effectively in setting and solving scientific and professional problems;
 - ✓ the ability to independently and creatively solve complex problems in a non-standard situation within the framework of the educational program of the Higher Educational Institution in the module “Periodontology”;
 - ✓ complete assimilation of basic and additional literature recommended by the educational program of the higher education institution in the module “Periodontology”;
 - ✓ ability to navigate theories, concepts and trends in the studied module “Periodontology” and give them an analytical assessment;
 - ✓ systematic, active independent work in practical and laboratory classes, creative participation in group discussions, a high level of culture in completing tasks.

10 (ten) points – passed

- ✓ systematized, deep and complete knowledge of all sections of the educational program of the higher education institution in the module “Periodontology”, as well as on basic issues that go beyond its scope;
- ✓ accurate use of scientific terminology (including in a foreign language), competent, logically correct presentation of answers to questions, the ability to make reasonable conclusions and generalizations;
- ✓ impeccable mastery of the tools of the module “Periodontology”, the ability to use them effectively in setting and solving scientific and professional problems;
- ✓ expressed ability to independently and creatively solve complex problems in non-standard situations;
- ✓ complete and in-depth assimilation of basic and additional literature on the studied module “Periodontology”;
- ✓ the ability to freely navigate theories, concepts and trends in the studied module “Periodontology” and give them an analytical assessment, use the scientific achievements of other disciplines;
- ✓ creative independent work in practical and laboratory classes, active creative participation in group discussions, a high level of culture in completing tasks.
